

vanTeeffelenExecutive

Legal Subcontractor Risk-Control Addendum

Applicable to the vanTeeffelenExecutive European Standard Network

1. Scope & Purpose

This Addendum governs all subcontracted service delivery performed under the vanTeeffelenExecutive European Standard. It establishes risk-control, liability limitations, confidentiality obligations and operational compliance standards for all affiliated partners.

2. Independent Contractor Status

All partners operate as independent contractors. Nothing in this Addendum creates employment, joint venture or agency relationships beyond the agreed coordination framework.

3. Service Standard Compliance

Subcontractors must adhere to the vanTeeffelenExecutive European Standard, including:

- 1 Executive-class vehicle requirements
- 2 Chauffeur presentation & conduct guidelines
- 3 Arrival & meet protocol standards
- 4 Real-time itinerary coordination
- 5 Confidential handling of client data

4. Insurance & Licensing

Subcontractors must maintain valid local operating licenses, commercial transport insurance and appropriate passenger liability coverage in accordance with applicable national laws.

5. Liability Limitation

Subcontractors assume responsibility for service execution within their jurisdiction. vanTeeffelenExecutive shall not be liable for acts, omissions or regulatory breaches committed by subcontracted operators.

6. Confidentiality & Data Protection

All client information must be treated as confidential. Subcontractors must comply with GDPR and applicable European data protection regulations.

7. Performance Monitoring & Termination

vanTeeffelenExecutive reserves the right to conduct quality reviews and terminate cooperation immediately in case of service breach, reputational risk, regulatory non-compliance or confidentiality violation.

8. Indemnification

Subcontractors agree to indemnify and hold harmless vanTeeffelenExecutive against claims, damages, penalties or losses arising from their operational activities.
